### MT. ETNA

The largest and most active volcano in Europe. The climb to the crater takes us through picturesque villages and an ever changing landscape. The lower slopes of the volcano are extremely fertile with groves of oranges, lemons and other Mediterranean flora and of course vines which produce Sicily's best wines. We go through forests of chestnut trees which gradually give way to oak, beech, birch and pine.

### MODICA

This proud, prosperous and ancient city is one of Sicily's baroque gems. The main street 'Il Corso', is a typical Italian meeting place with cafés and majestic buildings. The church of San Giorgio is an impressive monument, built after the earthquake of 1693, surrounded by a flight of 250 steps to further enhance the scenic beauty of its fine façade.
